+++ Call for Presentations and Posters +++

EPoSS – European Association on Smart Systems Integration will hold its Annual Forum 2026 on June 16–19 in Braga, Portugal. This year, EPoSS member INL will host the event.

In order to present the latest developments in Smart Systems Integration, we invite you to submit your abstracts for presentations or posters and to **showcase your latest Smart Systems innovations or technology developments for Smart Systems Integration and the impact of your projects**. Your contribution could include one or more of the following topic areas:

Smart Systems Integration research & developments for the following applications:

Next Generation of Smart Systems incl. Sensors and Actuators for e.g.

- Sustainable and Smart Mobility (autonomous driving, SDV, V2X, etc.)
- Aerospace and Security
- Agriculture, Food and Environmental Monitoring
- Smart Health and Well-Being
- Industry 5.0, Robotics and Physical AI
- Energy Solutions
- Internet of Everything Applications
- Consumer Electronics

European Chips Initiatives:

- Pilot Lines, Competence Centres, Design Platforms
- National or Regional Initiatives
- Skills

Latest developments and innovative technologies for Smart Systems Integration in the area of:

New Innovative Technologies e.g.

- Quantum Enabled Systems, Quantum Sensing and Metrology
- Advanced and Sustainable Packaging Technologies, Chiplet Integration and Heterogeneous Integration
- Photonics
- Edge AI, Neuromorphic, In-sensor and Physics-Informed Computing Paradigms
- Design Methodologies, AI-Based Design, Reliability, Security, Safety, Resilience, Trustworthiness and Real Time
- RF and Connectivity (5G/6G, etc.)
- Sustainable and Green Electronics
- New Manufacturing Technologies and 3D Printed Electronics
- Large Scale Technologies and Flexible and Wearable Electronics
- Energy Harvesting and Storage

Brokerage opportunities will be organised to network with especially SMEs, start-ups and young researchers.

If you wish to participate in the **Call for Presentations and Posters**, please submit your abstract (**1,500–3,000 characters**) together with your full contact details as well as a short biography to https://ssl.vdivde-it.de/formular/eposs by **25 February, 2026**.

Please use the **template** for abstract submission, which can be found at https://www.smart-systems-integration.org/event/eposs-annual-forum-2026

The EPoSS Annual Forum 2026 Technical Committee will select presentations and posters.

Invitations for the authors of selected presentations will be sent out until 31 March, 2026.
