EPoSS

European Technology Platform
on Smart Systems Integration

EPoSS Session I: Smart Systems in the Future European Funding Landscape

Chair: Wolfgang Gessner, EPoSS Office

- 11:05 Smart Systems in the Future European Strategic Value Chains**
Jochen Langheim, Euripides2
- 11:25 Public Funding Schemes in Spain for Research and Innovation European Partnerships**
Javier García Serrano, Centre for the Development of Industrial Technology (CDTI)
- 11:45 SSI in ECSEL: Past and Future**
Yves Gigase, ECSEL Joint Undertaking
- 12:05 Key Digital Technologies, 2021-2027**
Henri Rajbenbach, European Commission, DG CNECT
- 12:25 Q&A**
Panellists: Speakers from EPoSS Session I

EPoSS Session II: Smart Systems for Energy

Chair: Thomas Hammer, Siemens AG

Co-Chair: Stefan Wolf, VDI/VDE Innovation + Technik GmbH

- 13:45 Future Energy Systems – Decarbonized, Decentralized, Digitalized**
Thomas Hammer, Siemens AG
- 14:05 Innovation Needs for a Smarter Energy System**
Haitze Siemers, European Commission, DG ENER
- 14:25 Wireless Sensor Nodes for a Smart Grid**
Harald Pötter, Fraunhofer IZM
- 14:45 Smart Energy for Power Applications and Autonomous IOT Systems, Outputs from the NEREID Roadmap**
David Holden, CEA
- 15:05 Panel Discussion “Smart Systems for Energy – Opportunities, Priorities, Policies”**
Introduction & Moderation
Stefan Wolf, VDI/VDE Innovation + Technik GmbH
Panellists: Speakers from EPoSS Session II
- Opportunities for Smart Systems
 - Research priorities from industry
 - Funding policies and opportunities
