

Manufacturing of Greener Smart Systems: State of the Art and Future Challenges

Date: Thursday, 02 March 2023
14:00-16:00 Uhr
online via GoToMeeting

Agenda

- 13:45** **Dial-in of Participants**
- 14:00** **Welcome**
Christine Neuy, microTEC Südwest
Elisabeth Steimetz, EPoSS
- 14:10** **Green Smart Systems in the context of EU taxonomy**
Matthias Straub, microTEC Südwest
- 14:25** **Green ECS Working Group: Recycling, Repair, Reuse**
Chiara Sandionigi, CEA-LIST
- 14:45** **Green ICT @ FMD**
Jörg Amelung, Fraunhofer IPMS/Forschungsfabrik Mikroelektronik Deutschland
- 15:05** **HyPerStripes - Sustainability aspects in the development of smart cables with flexible electronics**
Christine Harendt, IMS CHIPS
- 15:25** **Discussion and networking**
- 16:00** **End of Webinar**

The event is free of charge. Only registrations via the registration tool will be accepted. It is jointly organised by EPoSS, the European Technology Platform on Smart Systems Integration, and microTEC Südwest funded by the State Baden-Württemberg, Ministry of Economics.

For organisational questions, please contact Amelie Hagen: veranstaltung@microtec-suedwest.de or +49 761 38 69 09-21.
