

Smart Systems Meet Batteries

1st Joint Workshop

European Battery R&I Community & EPOSS Working Group Energy

online | 20 March, 2024 | 15:00-16:30 CET

The **European Battery R&I Community** and **EPOSS Working Group Energy** cordially invite to their first common workshop

“Smart Systems Meet Batteries”

on **20 March, 2024**

15:00-16:30 CET

taking place **online**.

The event provides an overview of current activities in battery smart systems and the European strategic research agendas in this field. Furthermore, you will learn how to bring your priorities into Horizon Europe calls through EPOSS, Chips JU and BEPA. The preparation for the Horizon Europe Work Programme for 2025 starts right now. Be sure not to miss this opportunity!

Agenda:

- 15:00 **Stefan Wolf (VDI/VDE-IT):** Welcome Remarks and EU Battery R&I Community
- 15:05 **Elisabeth Steimetz (EPOSS):** EPOSS – European Technology Platform on Smart Systems Integration
- 15:10 **Thomas Hammer (Siemens):** EPOSS and Energy Working Group
- 15:15 **Wolfgang Dettmann (Infineon):** ECS SRIA – Application Chapter for energy related research challenges
- 15:25 **Bozorg Khanbaei (BEPA):** What's next in European battery research and innovation
- 15:40 *Q&A Research and Innovation Strategy*
- 15:50 **Robert Dominko (Battery 2030+):** Smart battery functionalities at the center of the Battery 2030+ roadmap
- 16:05 **Wolfgang Dettmann (Infineon):** Intro to the Focus Call Project Application ECS4DRES
- 16:15 *Q&A Research Projects*
- 16:25 **Stefan Wolf (VDI/VDE-IT):** Closing Remarks
- 16:30 **End of the event**
