**Product Name**
PFTC – Pneumatic Flex Tool Control

**Product description**
PFTC is the objectifying system for pneumatic tools.
This solution is retrofittable to any existing pneumatic tool
in order to analyze functionality, usage, misfunctions through
mathematical algorithms that compares curves of air pressure
& flow. PFTC applications range from pneumatic clamping
machine to riveting tools, wherever functionality and right tool
operation has to be 100% guaranteed as per WCM
requirements.
